## PRIVA ON TOUR

- > **Bringing the latest in building innovation to you – wherever you are**
- > **Discover our healthy building solutions in a safe environment**
- > **Learn about the healthy advantages of natural ventilation**
- > **See our digital services come to life**

Now, more than ever, it is important to keep up to speed with the latest developments in building automation, digitisation and ventilation. After all, the people that use your building need to stay healthy and feel safe. But, how can you do this without visiting trade shows and seminars? The answer is Priva on Tour.

**PLEASE GET IN TOUCH AND FIND OUT WHEN WE'RE IN YOUR AREA.**

Over the last few months we've been working hard to find new, safe ways to stay connected and keep in touch with our customers, Partners and friends. Which is why we're so delighted to introduce our traveling 'exhibition', Priva on Tour.

Priva on Tour enables us to bring our innovations and solutions to you; wherever you are. It will be a place where you and your colleagues can learn - in a safe environment - about our smart, healthy

building technologies and our digital services. And, the real benefit is, we can bring our Priva on Tour right to your doorstep.

Together with our experts you can try out the latest technologies and discover how they can help you prepare your building for the future. We will show you the many options for office buildings, hotels and anything in between. All with attention to a more sustainable use of energy.

Get acquainted with our many [options](#) for building automation.

Or get inspired by our newest digital services – like [Priva Building Operator](#).

*Of course strict social distancing and hygiene measures will be in place to ensure the safety of visitors and Priva's staff.*
